TRD alloy wheels are typically lighter than stock wheels, dissipate heat extremely well, and provide a higher strength-to-weight ratio to help keep corner weight down. And the look? They speak for themselves. TRD Alloy Wheels incorporate the ideal weight, offset and brake clearance to help ensure proper fit, finish and reliability. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions. TRD Alloy Wheels available on select models. To learn more about these and other benefits of Genuine Toyota Accessories, select from the menu above. Toyota engineers, however, do spend a lot of time thinking about hitches. For example, establishing the departure angle of the hitch and ball mount is critical, because if the angle and distance between the back tires and ball mount are too far apart, the ball mount may scrape the ground while towing on an incline. We know you want accessories that not only improve the performance of your Toyota, but also look great doing it. Rear spoilers, body side moldings and doorsill enhancements add individual styling that helps you get noticed wherever you drive. And nothing delivers a bold, sporty and stylish appearance to your Toyota like Genuine Toyota alloy wheels.
